

Student Activity Group Constructors. GAS operates at the Institute of Computer Science and Mechatronics.

The mentor is dr inż. Jacek Gospodarczyk (e-mail: jacek.gospodarczyk@byd.pl),

and the meetings are led by MSc. Robert Rydzewski (e-mail: robert.rydzewski@byd.pl) and dr inż. Adam Budzyński (Adam.budzynski@byd.pl).

The members of the circle are WSG students and students of Technical Secondary School Car and high schools No. IX and VI in Bydgoszcz. The president of GAS was Mr. Patryk Rutkowski, and from the 2018/2019 academic year is Monika Szeliga. Group realized, among others the following tasks:

- a project on the online social networking platform absolnienizteorii.pl "3D for every",
- 3D design classes for children as part of the camps organized at the WSG,
- conducting an author's lecture at the Automotive School Complex "Design 3D for everyone ",
- creating a fan page promoting the work of the circle,
- attempting to design a proprietary 3D printer,
- writing grants for obtaining funds for 3D straightening,
- training for students going on 3D internships in Spain,
- players are preparing for EuroSkills 2020 based on information obtained with EuroSkills Budapest 2018
