

Student Activity Group "Medyk". GAS operates at the Faculty of Applied Sciences in Chojnice. The first GAS mentor was Dr. Lidia Werachowska, and since 2017/2018 she has been Mrs. Brygida Frymark (e-mail: brygida.frymark@byd.pl). The group includes students of the "nursing" faculty. "Medyk" organizes lectures and shows for various age groups, from preschool children to seniors, on the principles of a healthy lifestyle, physical activity, first aid, care for sick people staying at home. GAS also organizes research and teaching trips. As part of the Bydgoszcz Science Festival - the Chojnice edition, every year GAS students organize shows and workshops on bandaging, first aid and diet workshops.
